Organizer Profile:

The Dialogue : Challenges and Possibilities, is organized by Impact Media and Events Corporation, a Canadian Media company, established in January 2002 (formerly known as Gujarat Abroad Inc and now renamed as Impact Media and Events Corporation)

The event is a brainchild of Mr. Vipul Jani, a veteran journalist with almost 30 years of print media experience in Canada, India and East Africa. Vipul has worked with leading media houses like The Times of India, The India Today Group, Sandesh Newspaper (India), the Star and the Monitor Newspapers (Kenya & Uganda) and published Gujarat Abroad, Bold and Gujarati (3 Indo Canadian) Newspapers between 2002-2015. Vipul also ran a Radio Program of his own on AM 770 and also published Business & Community Directories.

Vipul has also been actively associated with several Community and Business Organizations, including Canada India Foundation (as an Executive Director, 2016-2018), Gujarati Business Association (Founder Director), Global Gujarati Network (2017 onwards), Indo Canada Chamber of Commerce (as a Member) and more.

On May 25, 2018 Vipul organized the First-ever Global Gujarati Award Gala in Mississauga (Ontario, Canada) where 10 highly successful Gujaratis from Canada, India, USA, Mozambique and UK were recognized with a Global Gujarati Award. The Gala, put together in less than 3 months, was attended by 330 business leaders including several Members of Parliament from both Liberal and PC party.

Intended Outcome

The Dialogue : Challenges & Possibilities intend to discuss these pressing issues in an open, neutral forum, where the lawmakers and business leaders can have free, fair and frank discussions, debate and possibly can understand each other a little better.

We strongly believe that in the present scenario, a dialogue is needed between Canada and India as well as between Canada and USA, so why not to bring all three on the same platform ?

Partner Organizations

Impact Media and Events Corporation wishes to do this as an Annual Event, and is well aware of the work involved, the need for knowledgeable moderators and speakers and many other issues involved in organizing an event of this magnitude. We also want to get other organizations working on Canada-India, Canada-USA, India-USA file, to offer their insights on these issues and are reaching out to them in all three countries. More details and partner organization names will be announced as they are formalized over the next few weeks.

Invitation to Join

Join us in debating and discussing such important issues that affect all of us. These issues will have a long lasting impact on our lives and on our future generations. It's time we talk about it, today.

It is also an excellent opportunity to meet and network with business and political leaders from 3 countries – Canada, India and USA – all at one place.
